Re: Proposed Annexation No. 1 to

(Detachment from City of Long Beach)

Dear Sir:

We are enclosing herewith a copy of the letter of the Boundary Commission dated April 16, 1958, addressed to the City of Bellflower containing the approval of the Boundary Commission of a revised description for the above described annexation to the City of Bellflower and detachment from the City of Long Beach.

As noted in the last paragraph of the enclosed letter we invite your attention to the fact that the Boundary Commission felt it necessary to revise the description of the boundaries as submitted so as to provide the definiteness and certainty required by Section 35002 of the Government Code. This results in a discrepancy between the description as approved and the description employed by your City Council in its Resolution No. C-16757, consenting to the detachment of territory from the City of Long Beach, and annexation of such territory to the City of Bellflower.

May we suggest that you consider the desirability of re-adopting your resolution of consent and employing therein, the revised description as approved by the Boundary Commission.

Very truly yours,

Re: Proposed Annexation No. 1
to the City of Bellflower
(Detachment from City of Long Beach)

Dear Miss Lewis:

At the meeting held on April 16, 1958, the County Boundary Commission reviewed the boundary description and map submitted by your City Administrator, Carl E. Berry, with his letter of April 4, 1958, of the proposed annexation of territory to the City of Bellflower.

Although the boundaries submitted do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable, upon recommendation of the County Engineer slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code.

With these revisions, the County Boundary Commission approved the boundaries of the above proposed annexation. A copy of the approved revised legal description and a list of special districts involved are enclosed for your use.

Due to the necessity of revising the boundary description as described above the Boundary Commission has asked me to call your attention to the fact that this revised description differs from the description contained in Resolution No. C-16757 of the City of Long Beach consenting to the detachment of the subject territory from the City of Long Beach for the purpose of annexation of such detached territory to the City of Bellflower. We are concurrently addressing a letter to the City of Long Beach calling their attention to this fact and suggesting that they

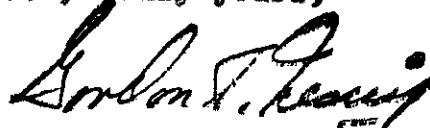

Mary E. Lewis,
City Clerk

may wish to re-adopt their resolution with the revised description as approved by the Boundary Commission.
